## **Enterprise Management training**

### **Client**

Cape Craft Design Institute (CCDI)

### **Objectives**

The Enterprise Management training course was intended to assist small, medium and micro enterprises to accelerate their operational and financial capacity.

### **Tactics employed**

- Covered principles of business
- Discussed Basic legal requirements for SMEs
- Explained concepts of labour relations
- Covered time management

### **Outcomes**

By the end of each workshop, delegates had:

- better insight into legalities and compliance as well as business planning
- a plan to abide by Labour Laws and Basic Conditions of Employment
- more confidence about their time management.
