## **Training programme in Bookkeeping, Analysis of Financial Statements, Costing and Pricing**

### **Client**

Department of Economic Development and Tourism

### **Objectives**

This training programme helps delegates to get a better insight into the following themes: Pricing objectives, Main cost elements, Operating expenses, Activity based costing, Difference between Costing and Pricing, Factors affecting pricing decisions, Cost centres, Breakeven analysis, Drawing-up and analysing budgets, Analyses of financial statements, Estimating income and expenses, Drawing up an income statement, Drawing up a balance sheet, Grasping the meaning of Cash flow, Fixed assets, Current assets, Current liabilities and Long-term liabilities.

### **Tactics employed**

- The training session was facilitated through a set of slides
- Delegates were also given exercises to work on individually and in groups

### **Outcomes**

By the end of the workshop, delegates had:

- a better insight into Costing and Pricing methods
- a better insight into the reading and understanding of Financial Statements
