### To whom it may concern

It is my pleasure to confirm Buyolo Business Advisory Services ("Buyolo") who rendered a professional service as training provider for our Regional Entrepreneurship Week and the Business Association Network programme.

Buyolo was appointed by the Department of Economic Development and Tourism to conduct the following training programmes for SMMEs:

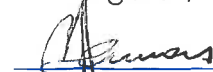

1. Business Retention and Expansion (BRE) Strategy for Knysna and Plettenberg Bay;
2. Marketing and Market Access;
3. Organisational Governance;
4. Bookkeeping, Analysis of Financial Statements, and Costing and Pricing.

In executing the project, Buyolo showed high levels of professionalism and efficiency. This was clearly reflected in the evaluation feedback from participants and partners. Buyolo demonstrated great commitment throughout the duration of the projects.

I therefore gladly recommend Buyolo for rendering any SMME/ Enterprise Development work.

Yours in economic development.

Kind regards,

Deon Damons

To whom it may concern

I confirm that we made use of the service of Buyolo Business Advisory Services ("Buyolo") for the last 6 years. Buyolo is an active service provider for the Department of Economic Development and Tourism and we have been working with the company in our Legacy Mentorship Programme where he is registered as a mentor. The programme is an initiative to engage, motivate, and empower SMMEs across the Western Cape Province.

Buyolo has rendered a professional, dependable, reliable, service to our entrepreneurs.

He has rendered services that received positive feedback from the entrepreneurs he engaged with in the program.

Yours faithfully

---

Deon Damons
